This rare opportunity will stay with you forever.

It is a big thing when our boys move through their times of transition. The years accelerate quickly. He is growing up and the opportunity to reflect on the joys and challenges of this time in yours and his life, is one not to be missed.

We will be bringing Bill Jennings...

to our school to facilitate this unique experience for you. Bill is the creator and founder of 'Time & Space' (www.time-space.com.au), a service he has developed to give people just that - 'time and space' for parents and their children to share important moments together in a school community setting. This session provides opportunities that include carefully guided interactions with other mums and their boys.

Mothers will emerge from the night reassured and impressed by the way our students are able to speak up and share insights about their life.

Be assured that the night is fun... full of activities and conversations that will make us smile as well.

This helps with our activity planning for the session. This session is exclusive to Year 9.

If you have any other enquiries, please call reception on (03) 9826 0711.

We know that families come in all shapes and sizes and not all mothers can attend an evening such as this. A female mentor such as a grandmother, aunt or family friend is welcome to attend.
